

CLEANS TO THE WALL

CLEANS IN FORWARD OR REVERSE

OPTIONAL TOOLS FOR DETAILING

SELF-CONTAINED EXTRACTORS

There is literally nothing like the Supernova series remarkable self-contained extractors that clean in both forward and reverse! The patented two-way system provides unparalleled productivity in any setting, clean up to 6,000 square feet in one hour. All models operate forward in hallways and other open areas, but with a simple pull of a lever instantly change to reverse to clean corners and other tight areas for a dramatic reduction in labor costs.

A specially designed floating vacuum head and agitator brush allows cleaning on hard floors in addition to carpets without any cumbersome attachments. Just walk off carpet on to hard floors, it's that simple. Dual vacuum motors and a 19" cleaning width on the 800 and 1200 models combine with a host of other exclusive features to guarantee unrivaled performance.

SUPERNOVA

800 & 1200

Features & Benefits

- Two-way system for forward and reverse operation
- Patented self-adjusting, self-leveling brush and vacuum shoes for easy cleaning of all carpet lengths and uneven floors plus longer brush life
- Exclusive “clamshell” body provides fast and easy internal access for quick servicing
- Patented lift-off recovery buckets—no drain hose
- Fully adjustable handle
- Patented 4-wheel design gives extraordinary balance and reduces turning radius for easy maneuverability in tight areas
- Side extension for cleaning right to baseboards
- Dual spray jets on both sides of the brush suspend the soil for increased pick up and faster drying
- Detachable cord makes it easy to drop the cord and wheel away for quickly dumping dirty water
