

ECOPLUSTM

*We don't inherit the earth from our ancestors...
...we borrow it from our children*

Proverb

***New generation wiper/scraper mat!
100% recycled P.E.T. fiber surface
molded to a reinforced nitrile/rubber
backing that delivers excellent
performance in heavy traffic areas***

USES

- Indoor- Heavy Traffic
- Schools
- Hospitals
- Universities
- Restaurants
- Offices Buildings
- Theaters
- Malls
- Stores
- Hotels

BENEFITS

- Raised rubber or fabric edging retains water and dirt, eliminating run-off
- Crush-resistant reinforced pattern for aggressive scraping action and durability
- Non-skid backing holds mat to the floor
- For best results and matching colors, use in combination with **ECO-STEPTM** wiper mat

Help Us Preserve the Environment!

ECOPLUSTM is made from post-consumer materials, which prevents bottles and tires from entering landfills and preserves our natural resources.
